## Justifications and questions

- The allocation of the grants is based on the continuous decision made by TaiYo Board in its meeting 3/2022.
- The Board decided that a maximum of 50% of the total amount for the project grants for the year can be allocated in the spring.
- Secretary general deemed project 2 to be aimed for mainly other than TaiYo members and thus it is a project that grants are usually not allocated for.
- Regarding the other projects the proposal is based on the approved criteria applied in a way that the grant is not disproportionate in regards to the amount of participants in the project since the project grant is aimed to enable communality widely within the Uniarts community. This is why project 3 has been suggested to receive the proposed amount.

## Association grants

total of 1000 € for the year

|                  | <i>applied</i> | <i>granted</i> |
|------------------|----------------|----------------|
| 1. Kukko ry      | 250 €          | 0 €            |
| 2. Sima ry       | 500 €          | 200 €          |
| 3. Maine ry      | 300 €          | 300 €          |
| 4. Kumulaatio ry | 90 €           | 90 €           |
|                  | yhteensä       | 590 €          |

## *Justifications*

- Kukko ry has sent an application but not the required appendices and thus is not proposed to be allocated a grant.
- Maine ry, Kumulaatio ry and Sima ry have sent the required application and appendices but Sima ry's application is more concise and vague, and for that reason and because of the size of the organisation it is suggested it does not receive the full applied amount.
- 410€ would remain to be allocated at a later date or in the fall.

## Academy committee grants

total of 1200€ for the year (400€ per committee)

None of the academy committees has submitted an application so far.
