

Additional allocation of TaiYo's grants, spring 2025

Decision of the Board 21 May 2025

Project grants

The total amount reserved for the year is 3000€. The Board decided before the original allocation of the grants that it will allocate a maximum of 1500€ in project grants during the spring and save the other 1500€ for the grant allocation in the fall. So far the Board has allocated a total of 1100€ of project grants, so there is 400€ left to be allocated this spring.

<i>project</i>	<i>applied</i>	<i>allocated</i>
1. Kuvan Kevät 2025 Afterparty, Krista Antila	600,20 €	400 €
	<i>Total (in the spring)</i>	1500 €

Reasoning

- The allocation of the grants is based on the continuous decision the board has made in its meeting 3/2022.
- The Board decided that it will allocate a maximum of 50% of the full amount of project grants during the spring.
- In its meeting 8/2025 the Board allocated 1100€ in project grants.
- Kuvan kevät and its afterparty is the biggest event for Kuva students in the year.

Committee grants

the total sum of the committee grants for the year is 1200€ (400€ for each committee). During the official application period none of the committees applied for the grant so the entire sum is yet to be allocated. The Siba committee (also known as Siba United) has sent in their application 24 April 2025.

<i>applicant</i>	<i>allocated</i>
Siba United / Siba committee	400€

Reasoning

- The Siba committee has sent the required attachments in order to receive the grant. The application is quite short but this is understandable since it is the first year of the committee since its resurrection.
